MY BOOK
On How to Grow Prize Winning Flowers

CATALOG NO. 31
Supercedes All Previous Issues
An Amazingly Liberal
INTRODUCTORY OFFER
To All My Friends!

I LIKE Peonies better than any other flower. Years ago when we first started in with just a little home flower garden, we used to take special pride in our Peonies. Whether you have only a little space or a regular big estate, there is nothing you can plant that will repay you as fully as good, hardy Peonies.

We have now made a special selection of six extra fine varieties. The colors are shell-pink, lilac-pink, dark red, silvery pink, pure white and soft pink.

We are going to call this our Friendship Assortment because we know you will like the great size, magnificent color, and profusion of bloom it will give you. Year after year as you see these flowers in your garden you will remember us. Then we will get other orders from you and you will tell your friends about us.

The assortment is our Collection No. 3, and consists of six varieties, all different, all named, all large divisions. They are varieties that sell from 75c to $2.00 each.

Named Varieties - Total Value, $7.00

THE PFEIFFER NURSERY, Winona, Minn.
HOW TO MAKE
Your
Flower Beds
the Envy
of the
Neighborhood

My son Loyde and myself with the assistance of my wife run our nursery together. We have built up this business mostly from serving our local people around Winona. To be perfectly honest with you I think my wife has done more than either of us men to make our business so big that we now ship Pfeiffer bulbs to our friends all over the country, from coast to coast. We have sometimes shipped as much as a carload to one customer.

So instead of calling this little book "My Book", maybe I should call it "Our Book." Anyway, I want you to know that you are always dealing direct with one of us although we are now among the best known people in our line in the country. We have originated a lot of different varieties of flowers here. The thing we are proudest of, however, is the way we have been able to select and develop the finest strains of flowers here for home gardens. I'll tell you exactly how we did it.

How We Work for You

When I was a boy, Luther Burbank was beginning to perform some of his miracles with fruits and flowers. I read everything about him that I could get my hands on. He worked mostly by assembling great lots of plants and then selecting the best and throwing out the others. That is exactly the way we work here. In addition to our own creations, we get hold of every new variety as soon as it is offered, and try it in our own gardens. Myself and son and our wives are the judge and jury. If we agree that it does well in our gardens then we proceed to "cultivate" it.

From Our Garden to Yours

Flowers are a lot like children. My wife has always said that most of the people who are interested in flowers are women. So most of you will understand what I mean. To do best, a young flower needs the right care. Enough sunshine, moisture, food in the form of soil and fertilizer, and so on. When a specially selected flower is given the right start in life, it has about a five-to-one better chance to thrive in your garden later on. That's why our friends are so universally successful with the flowers we send them. We first select only the very best strains we can find, then we see to it that they become healthy, hardy and virile by proper care here in our hundred-acre gardens, where everything is personally supervised by one of ourselves. Then they will give you the big blooms, the vivid colors and the general superior qualities that are bound to make your flowers the envy of the entire neighborhood.
The Real Difference Between Prize Winning Strains and Ordinary or Common Garden Varieties

Why do you want to grow "show" flowers instead of just "common garden varieties?" As Luther Burbank once said, "There are a good many individuals on our globe who designate flowers either as pinks, lilies or roses and put everything into one of those classes. My idea is that even those people enjoy flowers that have bigger, brighter blooms, taller, stronger stems, and so on. When you go to the bother of planting any kind of flowers you might just as well put in something that is going to surprise and delight all your friends and neighbors.

Then, of course, these prize winning strains are better in every way when you want to use the blooms. They make gifts that friends and neighbors really appreciate. They look better and make up better into bowls and vases around the house.

As I told you on that other page, I devote most of my time now to selecting and cultivating rather than to creating new varieties. A man has only so much time in this world. If I spent all of it in creating new varieties it would leave none over for the work I love most and that is helping every home gardener get the best flowers it is possible to have. I don't care where the flowers come from or who originates them. If we try them and like them and think you will like them, we just go ahead and cultivate that particular strain.

When it comes to putting prize winning strains in your flower beds they flourish best when they have had the best start. Well nourished, full-bodied bulbs grow better for one reason because they are less subject to attacks by insects and fungus growths. When you take strong, healthy bulbs of these prize-winning strains and compare them with the ordinary run of those grown in gardens you find a great big difference. First of all your plants will grow bigger and be generally more hardy. The foliage is more stately and erect. The blooms, of course, are far bigger and the colors are clearer and brighter. If that is what you want, then try any of the varieties offered on the following pages of this little book and I know you will be happy and satisfied.

Read What Others Say About Us!

Caribou, Me.
Want to acknowledge receipt of the shipment of Peony roots. They were lovely. The extra roots included were a very pleasant surprise, for which I thank you. I am anxious for spring to come so I may see them in bloom.
MRS. W. A. S.
Stillwater, Minn.
My order of Iris arrived yesterday in fine condition, and I planted them soon after their arrival. I want to thank you for your promptness and also for the extra plants. You will hear from me again as I add to my garden.
MRS. J. P.
Ogden, Utah.
I was very much pleased with the order of bulbs received from you last year. The Peony roots did especially well. I am glad to tell my friends about such a dependable firm.
MISS A. C.

Portland, Me.
The two orders which I placed with you were promptly filled and were of good vigorous stock. Thank you for the extra bulbs and roots.
I am writing to express my appreciation for your promptness and generosity.
MRS. R. M. W.

Minneapolis, Minn.
I wish to thank you very much for the nursery stock you recently sent me, especially for the generous roots of Irises, and for the fine Tulip bulbs.
MRS. H. B. R.

Detroit, Mich.
Shipment of Peonies and Tulip bulbs arrived yesterday. Everything in fine condition, and want to thank you for the extra fine Peonies you included gratis. My friend, Mr. I. H. K., sent you an order on my recommendation.

NOW You Can Buy Guaranteed Prize-Winning Stock Direct from the Grower

We have always done all we knew how to deserve your confidence and good will. Of course we guarantee absolutely that everything we say further on about any flower we offer you is true in every way. We also insure you against any possible mistakes that might be made in packing your selection and guarantee that plants and bulbs are true to name. Then we go a step farther and guarantee that when the bulbs reach you they will be in good, healthy growing condition. You can help us here by having your Express Agent or Postmaster make a note on your receipt if anything has happened to the package in transit. Return anything not received in good condition to us at once and we will gladly replace it or refund your money.

We have done business under the above guarantee right here in Winona for over a quarter of a century. For a long time most of our flowers were sold locally but we are now selling to people all over the country. No matter how far away you live we like to feel that you are friends and that we are going to hear from you again whenever you have anything you want to talk over with us. Of course we'll be glad and proud to take care of your future orders for any more flowers you want.

With us it is different than some people you might buy from. We are actually the growers of every Peony, Iris, Gladiolus or other perennial we offer you. We grow them, dig them, and pack them fresh from our loam soil here in the upper Mississippi Valley. We have no extra profits figured in our prices like salesmen's expenses, no commissions to jobbers, no extra handling or packing cost. There is no reason for our misrepresenting as there is no such thing with us as "carried over" stock such as dealers and others who buy bulbs at wholesale have to offer. When you buy from us you are sure of getting the very lowest Direct-From-Nursery-to-You prices on everything and anything you select. Already thousands of other flower lovers like yourself from all over the country order from our select stocks every season. Your order, big or little, will be appreciated and we will give it the very best attention.

C. O. D. SHIPMENTS. C. O. D. orders must be accompanied by 25% of the total amount in cash. Because C. O. D. shipments are sent with carrying and collection charges collect, the cost to you is a great deal higher than by sending all cash with your order. It's cheaper for you and better for us to send remittance with your order. It means less detail and more prompt handling of your order—quicker arrival at destination.

Postage or express charges on orders for $1.00 or more are prepaid to any point in the United States when cash in full is sent with your order. Please send remittances payable to The Pfeiffer Nursery, by check, draft, postal or express money order, as currency may become lost in the mails.

NOTE: We refer our new friends for business references to Dun's or Bradstreet's or The First National Bank of Winona.
All Peonies are not alike any more than all members of the "white race" are the same. It is this individuality that first appealed to C. A. Pfeiffer as a home gardener and it is what we have devoted a great deal of time to developing in our Peonies grown here at Winona. In the varieties offered on the following pages you will find the Peonies that appeal to you most, the ones you will be proud to show to friends.

A PEONY GARDEN WITH A WEALTH OF BLOOM. For those of you who love flowers but have never yet grown Peonies, there is a world of pleasure awaiting you. If you do not now have a flower garden, but aspire to have one some day, a few Peonies planted this fall will make a splendid beginning. Not until you grow these gorgeous flowers yourself can you know of the keen delight of watching the development of the seemingly insignificant bud into a marvelously beautiful bloom, and of the enjoyable thrill of cutting these exquisite flowers for the house or for your friends.

PEONY RATINGS. The figures at the left in the Peony descriptions are the official ratings given by the American Peony Society; 10 points being perfect. Any Peony rating 7.0 is good, over 8.0 very good, and over 9.0 exceptionally good.

HARDY AND LONG LIVED. Peonies are easy to grow, perfectly hardy and when established in the garden, become a permanent fixture in the landscape. They bear large and showy flowers of a great range of colors. Some are delicately scented, proving themselves to be ideal for cut flowers.

VARIETY OF USES. The Peony is fine as a specimen plant, for massing, for borders, for cover in front of shrubbery, and is one of the very best low hedging plants. It gives color and variety to every form of landscape decoration. It is hardy in almost any climate and any soil, is easily established and requires a minimum of care. It is almost, but not quite, immune from plant diseases and insect pests.

PLANTING AND CULTIVATING PEONIES. Peonies require a reasonably fertile, well drained soil and should have full sun at least part of the day. If planted in a shady place, plants are apt to be spindly, and will not produce typical bloom. If possible, plant them in an open space away from trees and shrubbery, in the open sunlight. Plant so that the buds or eyes are about two inches below the surface of the ground. Deep planting is detrimental to their blooming habit, and sometimes the cause of their not blooming at all. Space the plants about three feet apart. For hedge plant 24 inches apart.

FERTILIZING. A little bone meal or prepared fertilizer scattered around the plant, but not in contact with the stems, worked into the soil is beneficial for better blooms. Never let fertilizer of any kind come in contact with the roots.

SIZE OF ROOTS. After many years growing Peonies, we have found by experience that a plant with 3 to 5 strong, well developed buds or eyes, and a properly balanced root system will produce the best results in the shortest time.

TIME OF PLANTING. Peonies planted in September and October become established before winter sets in, and will usually bloom in the spring. We advocate fall planting for the amateur grower; but they can be successfully planted in the spring providing the plants are dug in the fall and kept in a dormant condition over winter. Place the plants in your garden where they can remain permanently for eight or ten years. Cover lightly with straw or coarse hay after the ground freezes, the first fall.

ABOUT ANTS AND BEES. When the buds begin to swell in the spring, they are frequently covered with ants and bees; but do not become alarmed, as all these insects are after is the honey that exudes from the buds, and they will not cause any injury.

FINAL—BUT IMPORTANT. While many Peonies will bloom the first year, most varieties will not reach their full normal development, or produce typical bloom, until their third year. In cutting bloom, be sure to leave part of the foliage on the plant for the future development of the roots and buds.
PEONIES

PFEIFFER'S PEONIES

7.7 PHYLIS KELWAY (Kelway, 1908). Very large, rose-pink paling to white in center, showing many stamens. Floriferous. Tall. Medium size. #2.50 each.

8.0 PRINCE OF DARKNESS (Brand, 1907). Dark maroon. Large, semi-rose type. Early. One of the darkest Peonies in existence. #1.00 each.

7.2 PURPUREA SUPERBA (Delache, 1855). Carmine-rose. Semi-rose type. Medium height. #2.00 each.

9.8 ROSETTE (Dessert, 1918). Silvery flesh, shaded salmon at base of petals, flecked crimson; shaped like a rose. A splendid early variety of erect habit. #3.00 each.

9.0 SARAH BERNHARDT (Lemoine, 1906). Apple blossom pink, tipped silver; large size flowers in huge clusters. Magnificent. #1.50 each.

8.8 REINE HORTENSE (Calot, 1875). Creamy pink. Semi-rose type, center of flower prominently flecked crimson. Medium. Extra fine. #1.50 each.

9.3 WALTER FAXON (Richardson, 1904). Vivid salmon-shell-pink of a luminous intensity, unique in Peonies. This remarkable variety is at its best in the show room. If cut in the bud, and kept in a dark, cool room for several days, and then brought into the light, it develops a wonder of wonderful and exquisite beauty. The flowers are double, of medium size and attractive form; mildly fragrant. Fairly floriferous; good stems and foliage. #3.00 each.

8.8 W. F. CHRISTMAN (Franklin). Flesh-pink. An attractive flower, full rose type. Fragrant. Strong, sure bloomer. Medium. #2.50 each.

7.9 WM. PENN (Brand, 1907). Rose. Immense compact blooms, edges of petals notched. Strong, free bloomer. Very fragrant. Medium. #2.00 each.
Japanese Peonies

9.2 AMA NO SODE (Japan). Exceptionally large flower; petals bright rose-pink forming a saucer-like cup about an immense center of long, yellow staminoids with flattened, crinkled tips stained with rose; carpels green with yellowish tips and white kernels at the base. Medium height; vigorous growth; very floriferous; strong stems. Good foliage. $8.00 each.

BOBBIE BEE (Hollis, 1907). Carmine-red, with gold center. $2.00 each.

CROWN ON CROWN. Shades of pink. $1.00 each.

DAYBREAK. Pale rose. $1.00 each.

9.2 FUYOJA (Origin unknown). Medium size; midseason. Dark purplish crimson guard petals of smooth texture and heart-shaped outline; center a cluster of dark old rose petaloids heavily tipped with pale buff or cream; carpels green; tipped pink and white; slightly fragrant. Tall; floriferous; strong stems. Foliage ruffled and tinged with red. $5.00 each.

GERALDINE (Kelway). Carmine-violet. $1.00 each.

8.2 GOLD MINE (Hollis, 1907). Medium size; midseason. Dark rose-pink of irregular, cupped form; center of narrow whitish petaloids stained light pink and tipped with yellow; carpels ruddy green with pink tips and yellow base; poor fragrance. Medium growth; fairly floriferous; stiff stems. $2.00 each.

8.6 MIKADO (Japan, 1893). A very decorative garden variety which was introduced to this country by the Japanese exhibit at the Chicago World's Fair in 1893. Generally considered one of the best red Peonies of its type. A fine exhibition variety. It is medium size; midseason. Waved cupped petals of dark, dull crimson; center broad and flat, composed of thick staminoids stained dark rose-red, edged throughout their length and tipped with pale buff-yellow; carpels pale green, with white kernels and slight stringy buff-yellow tips. Tall; very floriferous; erect stems. Abundant, close-set foliage. $2.50 each.

8.7 RASHOOMON (Japan). This is a variety that attracts very much attention in the field, not only because of the beauty of the flower but on account of the pleasing appearance of the plant. The foliage is a clear, glossy green, with crinkled and painted leaves. The blooms are large, the outer row of petals a deep rose-red surrounding a large tuft of crinkled golden filamental petals. $5.00 each.

9.0 SOME GANOKO (Origin unknown). A dark red Japanese Peony of superior merit. It has two rows of guard petals instead of the usual one, and the guard petals are cup-shaped and are as lustrous as if they were varnished. As a cut flower it has no superior in color, but is not as desirable for landscape purposes as Mikado or Rashoomon. $3.00 each.

9.3 TAKARADAMA (Origin unknown). White; late. $3.50 each.

9.4 TAMATE BOKU (Origin unknown). Very large; midseason. Enormous cupped petals of dark old rose-pink; center composed of very long, thread-like staminoids yellow at the base, with rose-pink, flat, crinkled tips tinted buff and yellow at the edges; downy pale green carpels with vivid pink line at the base and striking rose-tipped tips; faintly fragrant. Medium height, strong pyramidal habit; fairly free flowering; strong, stiff stems. Leatherly leaves. Generally considered the finest Japanese Peony. $20.00 each.

8.9 TOKIO (Origin unknown). Very large; midseason. Cupped, waving guard petals of dull rose-pink; center of large, loose staminoids, narrow at the base with wide tips tinted pale yellow. Very tall; vigorous; fairly floriferous; strong, stiff stems. Dark, broad foliage. $5.00 each.

9.0 TOR NO MAKI (Origin uncertain). Very large; midseason. Long, undulated guard petals of pale blush white, fading to pure white; center of whitish staminoids edged and suffused yellow at the tips; carpels pale green; slightly fragrant. Medium height; good growth and foliage; fairly floriferous; strong stems. $5.00 each.

**Luetta Pfeiffer 8.7**

(Brand, 1916)

A beautiful semi-double, pinkish white, often eight to ten inches in diameter. These immense flowers are borne on long, stiff, upright stems in a manner that makes them a wonderful sight to behold. The blooms are made up of large, pure glistening petals interspersed with just enough golden stamens to make it fascinating and beautiful. Petals are edged and blotched with stripes of brilliant carmine. It is a very early, profuse and dependable bloomer. Has a delightfully sweet fragrance somewhat like a water lily. It opens from the bud a beautiful light pink, and if left in the sun several days gradually fades to the daintiest pink and then almost white. The foliage of the plant is a shiny dark green and even after the blooms are gone is a pleasing sight in the garden. It is one of the few that has had its rating increased twice. No collection of really good Peonies is complete without this wonderful variety. $2.50 each.
Iris display in the garden is much more effective if they are planted in groups of from three to a dozen plants of each variety, and to stimulate an interest for mass planting, we are making attractively low prices by the dozen on many varieties.

**Collections**

Largely for the benefit of the beginner in Iris growing we are offering some exceptional collections and combinations listed on another page. For the Iris fancier who wants the best and knows just what he or she wants, we have a list of varieties that will appeal to you.

**A Word About Plants and Prices**

Our prices are based on strong, single divisions, and we always send out the best plants available. It should be understood that while we strongly advise planting in July and August, the plants are not as large or well developed as they are in the fall, but it is to your advantage to have the plants make their growth in your garden rather than our own. For southern states, better results might be obtained if Irises are planted in September or October.

**Mass Planting Advisable**

An Iris display in the garden is much more effective if they are planted in groups of from three to a dozen plants of each variety, and to stimulate an interest for mass planting, we are making attractively low prices by the dozen on many varieties.

**Guarantee**

All plants are guaranteed to be true to name, vigorous and healthy when received. If found to be otherwise, we will either replace with true stock or refund your money. Mistakes are made, but not intentionally.

**Ratings of Iris**

The figures at the left of varieties on these pages are the latest revised ratings as given by the American Iris Society in 1927, 100 points being perfect. Two ratings are given on Iris; the first two figures are Exhibition ratings, and the next two two Garden ratings.

**List of Iris Varieties**

Our list of Iris for 1930 will compare favorably with any collection in the United States. We have discarded practically every variety that does not rate 70 or better, and have added many of the highest rated, and best varieties in existence.

In the list following, the letter "S" means the "standards" or upright petals; the letter "F" means the "falls" or drooping petals.

### 79-81 ABENDA (Perry). S. light lilac-pink, tinted buff; F. cherry-pink in color. An excellent landscape variety. 36 inches. 75c each.

### 83-82 AFTERGLOW (Sturt, 1917). Soft grayish lavender-pink, shading to rich yellow through the center. 40c each; 3 for $1.00.

### 86-87 ALCAZAR (Vilmorin). A giant in flower and growth. S. light bluish violet; F. deep purple, bronze veined throat. Beautiful. 3 to 4 feet. 25c each; 3 for 60c.

### 74-75 AMAS. Blue-violet bi-color. Large flower. 32 inches. 25c each; 3 for 60c; 12 for $1.50.

### 92-91 AMBASSADEUR (Vilmorin). See description and color illustration on page 50. 40 inches. 75c each.

### 88-88 AMBER (Dubay, 1924). Very striking, fine, pure, deep yellow with prominent reddish gold beard. Strong grower. 40 inches. Very large flower. $1.00 each.

### 75-80 AM. BLACK PRINCE. S. and F. rich velvety dark purple. 24 inches. 25c each; 3 for 60c; 12 for $1.50.

### 80-77 ANNA FARR (Farr). S. white, bordered pale blue; F. pure white, pale blue markings at base. 50c each.

### 88-88 ANNIE LAURIE (Moore, 1927). This is as fair as its namesake. The standards and falls are chocolate orchid shades. The coloring is the most delicate and beautiful imaginable. The falls are a trifle darker orchid than the standards. Yellow beard. The stamens have midrib of lavender. Large blossoms. Height 3 feet. Hardy. $1.00 each.

### 86-85 ANN PAGE (Hort, 1919). A lovely pale blue with large flowers of splendid shape. S. and F. pale lavender-blue; F. heavily penciled brown at the haft. Similar in color to the Crusader. Stems stout and erect. 36 inches. 125c each; 3 for $1.50. 120c each.

### 81-88 APHRODITE (Dubay, 1922). A clear bright violet-pink self, with no veining to detract. The best of the violet-pinks; good size, personal form and a prolific bloomer. $1.50 each.

### 79-81 ARCHEVEQUE (Vilmorin). S. deep purple-violet; F. rich, deep velvety violet. 35c each; 3 for 85c.

### ARIEL (Murrill). 24 inches. Light violet self. The flower is of good shape and color, and is a prolific bloomer. Low grower. 75c each.
93-91 DOLLY MADISON (Williamson, 1927). 36 inches. Large flowers, 4½ inches high and 5 inches wide. Mauve standards shading and shading yellow at the base. Broad, falling falls of lilac, maroon veined. Beard bright orange. Very free flowering, distinct in form and an exceptionally robust variety. One of the finest introductions of recent years. $6.00 each.

84-73 DR. BERNICE (Hopper). S. coppery bronze; F. velvety crimson. 24 inches. 25c each; 3 for 60c; 12 for $1.50.

84-73 CHASER (Forster, 1913). S. light blue; F. deep violet-blue with orange beard. Very fragrant and a very rugged constitution. 50c each; 3 for $1.00.

84-84 DREAM (Sturt., 1918). A tall growing variety of graceful Palida habit. 36 inches. S. lilac-pink; F. slightly darker with orange beard, almost the same color as Susan Bliss. It is a strong, vigorous grower and free bloomer. Flowers of medium size, stalks tall but well branched, moderately fragrant. Very popular and in big demand. 50c each; 3 for $1.00.

89-89 DUKE OF BEDFORD (Bliss, 1912). S. deep violet; F. velvety black-purple. Dominion seedling. 36 inches. #2.50 each.

84-80 DUKE OF YORK (Perry, 1925). A giant flower, perfect shape. S. soft mauve-blue faintly stained bronze. F. soft mauve-blue, orange beard. 48 inches. 50c each.
75-76 ELDORADO (Vilmorin). S. yellowish bronze; F. bright violet-purple. 30 inches. 25c each; 3 for 60c.

ELSINORE (Hall, 1925). 3 feet. Flowers of primrose-yellow, bordered with purple. $3.00 each.

83-86 ESPLENDIDO (Mohr, 1924). A very large, red-purple bicolor, with beautifully branched stems. 50c each.

85-87 EVADNE (Bliss, 1921). S. deep rose-violet, slightly tinted buff; F. very rich velvety rose-violet, deeper than S. F. veined reddish brown on white base. Burnt orange beard. Splendid flower of good substance. 36 inches. $1.00 each.

76-78 FAIRY (Kennen). White delicately suffused soft blue. Very fragrant. 38 inches. 25c each; 3 for 60c; 12 for $1.50.

FIRMAMENT (Groschner, 1920). Intermediate. Large flowering, vigorous plant, two shades of light lavender-blue. 25c each; 3 for 60c.

80-80 FLAMMENSCHWERT (G. & K., 1920). Improved Iris King, much taller and larger flowers. S. clear golden yellow. 50c each.

70-73 FLAVESCENS. The common early pale yellow Iris. 30 inches. 25c each; 3 for 60c; 12 for $1.50.

76-75 FLORENTINA ALBA. White, flushed lavender. Early, free blooming. 24 inches. 25c each; 3 for 60c; 12 for $1.50.

83-85 FRIEDA MOHR (Mohr-Mitchell, 1926). 42 inches. It is a pink bicolor with deep lilac-rose Falls and standards of pinkish lilac. It far exceeds any other Iris of similar color, in size, shape, vigor of growth, and brilliancy of color. Selected from all the other Mohr seedlings to bear the name of the originator’s wife. An outstanding variety among the new introductions and for many years to come it will be one of the very finest of Irises. $3.50 each.

82-82 GAVIOTA (Mohr, 1924). A creamy white with both S. and F. distinctly edged yellow. Medium size flower of unusual color. 50c each.

90-88 GEO. J. TRIBOLET (Williamson, 1926). 42 inches. A fine velvety blackish red-purple with deep violet standards. Tall and vigorous. A truly magnificent Iris. $1.00 each.

91-90 GERMAINE PERTHUIS (Millet, 1924). S. violet-purple; F. deeper violet lighted with a prominent yellow beard. The flower is of unequalled velvety appearance and delicately scented. A descendant of Mme. Gaudichau. $2.50 each.

89-86 GLAMOUR (Bliss, 1922). 36 inches. A very fine Dominion seedling. S. mauve tinted heliotrope. F. red purple. A very handsome variety. $5.00 each.

86-87 GOLD IMPERIAL (Sturtevant, 1924). A yellow self of a wonderful bright color. S. and F. empire to lemon-chrome-yellow, beard orange. 36 inches. 75c each.

65-65 GERTRUDE (Peterson, 1907). S. and F. a rare shade of violet-blue. 12 inches. 25c each; 3 for 60c; 12 for $1.50.

83-81 HALO (Yeld). An Iris of the Lord of June type with colors somewhat similar to Ann Page. 40 inches. 50c each.

79-82 HARMONY (Dykes, 1923). S. and F. deep rich purple-blue. 50c each.

70-74 HER MAJESTY (Perry, 1901). S. lovely rose-pink; F. bright crimson tinged a brighter shade. 30 inches. 25c each; 3 for 60c; 12 for $1.50.

83-84 IMPERATOR (Cayeux). S. red-violet tinted buff; F. deeper red-violet with brown markings at the base. Very large. Late flowering bicolor of good size and excellent form. $1.00 each.

80-80 IRIS KING (Goos & Koenemann, 1907). S. clear lemon-yellow; F. rich maroon bordered yellow. One of the most popular of the Irises. 35c each; 3 for 85c.

83-84 ISOLINE (Vilmorin, 1904). S. silvery lilac, 4 inches long; F. beautiful mauve. 36 inches. Very large flowers, beautiful and distinct Iris. 35c each; 3 for 85c.

68-86 JAPANESQUE (Farr, 1922). S. lavender-white, flecked violet; F. deep violet, edged pale lavender, beard coppery yellow. It has the appearance of a Japanese Iris, as if there were six falls and no standards. 35c each; 3 for 85c.

All varieties listed at 25c each are $1.50 per doz.
73-71 JEANNE D’ARC (Verdier, 1907). Patterned white; fragrant. 25c each; 3 for 60c; 12 for $1.50.
85-84 JULIA MARLOWE (Shull, 1924). 40 inches. Very large flowers with violet, standards and yellowish-green falls of Magnifica shape. The color produces a glowing pink and red effect in the sun. Strong, well branched stalks. $1.50 each.
78-81 JUNIATA (Farr, 1909). S. and F. clear, large, fragrant flowers, very tall, 3 to 4 feet. 25c each; 3 for 60c; 12 for $1.50.
80-83 LADY BYNG (Bliss, 1922). 36 inches. A very beautiful flower of clear pale lavender with a suffusion of rose. Very free growing. A sister seedling of Susan Bliss. 50c each.
LE CORREGE (Vilmorin, 1922). S. smoky bronze. F. plum red. Brilliant prominent beard. Spikes long and well branched. A striking variety both as a garden and show flower. 46 inches. $0.50 each.
88-88 LENT A. WILLIAMSON (Williamson, 1918). S. very broad, campanula-violet; fall short, drooping, velvety violet-purple. 30c each; 3 for $1.25.
76-79 LOHENGRIN (Goos & Koenemann, 1909). S. and F. soft mauve, shading nearly to white. 30 inches. 25c each; 3 for 60c; 12 for $1.50.
73-78 LORELEY (Goos & Koenemann, 1910). S. canary-yellow; F. ultra-marine-blue, bordered cream. 30 inches. Very free blooming, early and extending over a long period. 25c each; 3 for $1.00.
78-80 LORD OF JUNE (Yeld, 1911). S. pale lavender-violet. Strong, vigorous, fragrant. A large, free flowering Iris universally admired. 50c each; 3 for $1.00.
81-80 MADAME CHEREAU (Lemon, 1911). White fringed with wide border of deep yellow. 25c each; 3 for $0.75; 4 for $1.00.
88-81 MADAME CHOBAUT (Denis, 1916). S. white, shot with pale lilac. F. fringed violet-blue. F. white-edged with lilac, a most pleasing contrast of colors. 36 inches; 35c each; 3 for $1.00.
92-89 MME. DURRAND (Denis, 1912). S. cinnamon-buff, flecked lilac; F. flushed with lilac on a ground of old gold shading to amber at the throat. Stalks widely branched. 60 inches. $2.00 each.
86-85 MME. HENRI CAYEAUX (Cayeaux, 1924). 42 inches. Very large flowers with standards of reddish violet-purple and falls of dark velvety purple with lighter edges. A handsome variety of the Ambassadeur type. $2.00 each.
78-80 MA MIE (Cayeaux, 1906). S. and F. clear white, frilled violet-purple. Best of the Mme. Chereau type. 25c each; 3 for 60c.
87-85 MAGNIFICA (Vilmorin, 1920). 42 inches. One of the finest Irises in cultivation, perfect form, large flower, delicious fragrance and rich color. It is a brilliant crimson toned bicolor. $1.00 each.
79-79 MAGNIFICA (Fayer, 1923). S. amethyst-purple; F. Rood’s violet. Reticulated brown and yellow at base. Conspicuous orange beard. F. very large and long. 10 inches. $2.00 each.
88-87 MAJESTIC (Bliss, 1923). One of the best domed seedlings. S. circular and arching, nearly 3 inches broad, light lavender and mauve, stained light bronze at the base. F. straight, hanging smooth and flat, 2 1/2 inches broad, rich velvety violet-purple, beard yellow. $1.00 each.
88-80 MARY BARNETT (Cumbler, 1926). A fine new Iris described as a larger Lady Byng. Vigorous grower and profuse bloomer. 25c each; 3 for $1.25.
87-78 LORD REEVE (Cumbler, 1926). A tall mauve self color, large, free flowering and very vigorous. 50c each.
72-72 MARY GARDEN (Farr, 1913). S. pale yellow, flushed pale lavender; F. cream and arching, nearly 3 inches broad, light lavender and mauve, stained light bronze at the base. F. straight, hanging smooth and flat, 2 1/2 inches broad, rich velvety violet-purple, beard yellow. $1.00 each.
84-85 MARY GIBSON (Perry, 1923). S. light rose suffused buff; F. deeper rose, slightly suffused violet and buffed with bronze markings on a cream base. Orange beard. Very pleasing color; an excellent bloomer of good substance, on tall stems. 42 inches. 75c each.
81-81 MARY ORTH (Farr, 1920). S. light violet-blue; F. dark violet-blue. One of the best of the Farr Irises. 18 to 24 inches. 50c each.
84-87 MEDRANO (Vilmorin, 1920). S. white, with suggestions of violet; F. dark crimson-purple. Late. 30 inches. A beautiful dark variety. 50c each.
88-84 MILLE. SCHWARTZ (Denis, 1916). A tall mauve self color, large, free flowering, flower 48 inches high. 50c each.
81-80 MILLIONS (Cayeaux, 1923). A fine ruffled placute of large size and pleasing form. S. flushed and dotted Matthews purple. Vigorous plant with stalks well branched. 30 inches. 50c each.
86-87 MISS SUTTON (Farr, 1923). S. white; F. rich velvety pansy-violet with narrow edge of lavender. White-yellow beard. Considered by many the best Iris originated by the late Mr. Farr. 30 inches. 75c each.
74-74 MITHRAS (Goos & Koenemann, 1910). S. light yellow; F. brilliant wine-red with a narrow border of deep yellow. 25c each; 3 for 60c; 12 for $1.50.

All varieties listed at 25c each are $1.50 per doz.
MOTHER MACHREE (Moore, 1927). The color is changeable: grey-blue and blue. Yellow beard and markings in the throat. Stamens cream, faint lavender midrib. Mother Machree is more beautiful, more delicate in coloring and more worthy of the name than Quaker Lady. Large flowers, late midseason. Red spathes. Wonderful cut flower, appearing more beautiful when brought indoors. Height 3 feet. Hardy. $1.00 each.

MOTHER OF PEARL (Special). A beautiful Iris. Very popular with everyone. This Iris is undoubtedly one of the world's best. It is a vigorous grower, prolific bloomer and of a wonderful substance and beauty. It is almost impossible to describe its rare beauty and it should be seen to be believed. It was originated by Miss Sturtevant in 1919. The S. and F. are pale blue-lavender with a faint creamy undertone. Large flowers of perfect form and exceptional substance that have a distinct luster of iridescence, or a soft, pinkish effect, from which the flower is aptly named. Special price this year. 35c each; 4 for $1.00.

71-74 MRS. ALAN GRAY (Foster, 1909). General color effect pinkish lilac. Fine for massing. 25c each; 3 for 60c; 12 for $1.50.

MRS. CUTHBERTSON (Perry). A rosy purple, apricot, grayish combination, large and tall. Similar, but bluer toned than Lord Lambourne by Perry. $1.00 each.

MRS. EDWARD HARDING (Perry, 1927). 48 inches. Large, well-formed flowers with standards of violet-purple and falls of dark velvet-purple overlaid black, bronze-yellow beard. A tall, beautiful Pallida variety. $5.00 each.

63-70 MRS. H. DARWIN (Foster, 1903). S. snow-white, slightly reticulated violet at the base. 24 inches. 25c each; 3 for 60c; 12 for $1.50.

80-83 MRS. H. E. BOWLES (Perry, 1921). S. smoky tan; F. red-mahogany-brown reticulated at the base. A good, medium sized bloomer. Midseason. 18 inches. 75c each.

61-78 MRS. S. H. SMITH. S. rich yellow; F. same color, shaded light yellow in center. 25c each; 3 for 60c.

92-91 MRS. W. E. FRYER (Fryer, 1917). S. shaded heliotrope; F. purple-crimson, bordered a lighter shade. 52 inches. 50c each; 3 for $1.25.

NELLIE GRAY (Moore, 1927). Tall, lavender. Very graceful, free bloomer. Really about the best of the color. Darker than Celeste. $2.50 each.

70-65 NIBELUNGEN (Goos & Koenemann, 1910). S. fawn-yellow; F. blue violet. 10 inches. Free flowering. 25c each; 3 for 60c; 12 for $1.50.

83-82 OCRHEA (Denia, 1919). This flower has been sold under the name of Sunset and Ochracea Castella, but is recognized by the American Iris Society as Ochracea. S. yellowish buff of red old gold, finely arched and of great substance; F. coppery yellow heavily suffused blue-violet in the center. On the petals are reticulated and dotted brown at the haft with a prominent yellow beard. A flower of wonderful color, strong growing, free flowering, sweetly scented and of great substance. $15.00 each.

82-83 OPERA (Vilmorin, 1916). S. bright, rich pansy-violet, shading to brownish violet at base; F. a rich velvety violet-purple, 10 inches. A very striking medium sized Iris with flowers of magnificent color. 35c each; 3 for 85c; 12 for $2.00.

76-77 ORIFLAMME (Vilmorin, 1904). S. bright blue; F. dark blue-purple. Petals long and broad, very large bloom, 30 inches. 35c each; 3 for 85c; 12 for $2.00.

82-84 PALEMON (Perry). S. very light buff tinted lilac; F. buff suffused deep lilac-purple. The flower lights up at the center like Afterglow. An early bloomer of medium size. 36 inches. $2.50 each.

77-80 PARC DE NEUILLY (Verdier, 1910). Rich violet with orange beard. Extremely large and very beautiful flower. 30 inches. 25c each; 3 for 60c; 12 for $1.50.

PARISIENSIS. Large, showy, deep purple, delicately penciled white. One of the earliest. 24 inches. 25c each; 3 for 60c; 12 for $1.50.

78-82 PEAU ROUGE (Cayaux, 1923). S. coppery red; F. bronze-blood-red; beard brownish yellow. Probably the reddest Iris yet introduced. 24 inches. $1.00 each.

91-89 PEELESS (Dykes, 1924). 38 inches. A magnificent mahogany-red flower of perfect form and very large. A brilliant rich gold beard lights up the whole flower. It takes a plant of two years growth to give characteristic bloom because the stems are so tall and thick and the flowers so large and of great substance. $6.00 each.

69-79 PERFECTION (Barr, 1916). S. light lavender-blue flaked with deeper blue; F. brilliant deep violet-purple with an orange-yellow beard. 30 inches. 25c each; 3 for 60c; 12 for $1.50.

89-90 PIONEER (Bliss, 1924). A beautiful red-purple, nearly self. S. large and incurved, color bright ampero-purple. F. very broad and strong, deep pansy purple set off by a bright orange beard. One of Bliss' best varieties. $1.00 each.

88-88 PRIMROSE (Sturtevant, 1921). S. amber-yellow; F. lighter barium-yellow. 30 inches. $2.00 each.

73-81 PRINCE LOHENGREN (Mohr, 1921). This new seedling, a cross between Juniata and Lohengrin, is introduced as an improved Lohengrin. It grows nearly a foot taller, is slightly pinker in color and has a better arrangement of the flower. 75c each.

81-80 PRINCESS OSRA (Bliss, 1922). A very beautiful white variety dotted with lavender on both S. and F. The prettiest of the new seedlings. $1.00 each.

90-90 PRINCESS BEATRICE (Barr, 40 inches. A soft lustrous lavender. A large flower of perfect shape. Unsurpassed in its color. $1.00 each.

74-74 PRINCESS VICTORIA LOUISE (Goos & Koenemann, 1910). S. sulphur-yellow; F. rich plum bordered cream. 30 inches. An early, free-flowering variety of strong and vigorous growth. 25c each; 3 for 60c; 12 for $1.50.

83-84 PROSPER LAUGIER (Verdier, 1914). S. light bronze-red; F. velvety ruby-purple, orange beard. 30 inches. One of the best of the bronze varieties. 35c each; 3 for 85c.

81-82 PROSPERO (Yeld, 1920). S. pale lavender flushed yellow around the base; F. deep red-purple. Vigorous, tall variety bearing enormous flowers of fine shape. 48 inches. 50c each.

95-95 PURISSIMA (Mohr-Mitchell, 1927). A pure white Iris of great size, fine form and substance. Its vigor and tall, well-branched stems are the equal of the finest white Irises in commerce. Needs extra winter protection in the colder states of the North. $7.50 each.

72-75 QUAKER LADY (Farr, 1909). S. smoky lavender with yellow beard. 42 inches. A very beautiful red-purple, nearly self. S. large and incurved, color bright ampero-purple. F. very broad and strong, deep pansy purple set off by a bright orange beard. One of Bliss' best varieties. $1.00 each.

82-84 QUEEN CATERINA (Sturtevant, 1917). Large, iridescent, pale lavender with yellow beard. 42 inches. An excellent variety. 35c each; 3 for $1.00.

All varieties listed at 25c each are $1.50 per dozen.

HOW TO PLANT IRIS ROOTS

Set plants on light, well drained soil where water will not stand. The rhizome or fleshy part of the root should be at the ground level. If soil is sour, ground limestone is beneficial. Use no fertilizer.
76-76 QUEEN EMMA. White. 25c each.

71-74 QUEEN OF MAY (Salter, 1899). S. and F. pale lilac or rose. Vigorous grower and free bloomer. Good for mass effect. 12 inches. 25c each; 3 for 60c; 12 for $1.50.

RAMONA (Mehr, 1924). A new plant of striking colors, petunia-violet, flushed cinnamon-brown, lightened up by an orange beard; fine form and substance and vigorous in growth. $1.00 each.

74-74 RAFFET (Vilmorin, 1920). S. and F. deep blue, with white edges. 25c each; 3 for $1.50.

Iris Bargain No. 4

Irices Originated by Ourselves

We have been growing Iris from seed for over twenty years. From the thousands of seedlings we have grown, we have selected about two dozen as being of real merit. Last year we entered "Princess Wenonah" for the first time at the Minnesota Iris Show in Minneapolis and won first prize in two classes with it. One as the best pink in the show and the other as the stem with the most perfect blooms open. We are giving this beautiful new pink variety free to you if this Collection is ordered promptly.

**Hardy Perennial Flowers**

**Achillea - Milfoil**

Achilleas are of easy culture and grow in any good garden soil, preferring sunny locations. They are useful for the border and for cutting.

**BOULE DE NEIGE (Ball of Snow).** Small, white flowers, wonderful for cutting to fill in with other flowers. Blooms in June. 25c each; $2.00 per doz.

**THE PEARL.** Pure white flowers borne in the greatest profusion on strong, erect stems. 2 feet high. 25c each; $2.00 per doz.

**Aconitum - Monkshood**

Aconites are invaluable for shady and semi-shady positions; also fine for cutting.

**SPARKS' VARIETY.** July and August flowering; tall branched spikes covered with deep blue, monkshood flowers. Bulbs, 25c each; $2.50 per doz.

**Silver King.** A plant of rare beauty and charm for landscaping or cutting. For landscape effect from early summer until late fall. Artemisia Silver King is a most outstanding plant. It thrives in ordinary soil, growing to a height of about 3 feet in almost perfect symmetrical form. The stems are well branched and thickly covered with bright silver colored foliage, but these quickly divide into a delicate lacy shape with the appearance of small flower buds all over the branches. Each, 30c; 3 for 75c; $2.50 per doz.

**Astilbe - Spirea**

**JAPONICA.** This is one of the few attractive perennials that thrive either in moderate shade or in the open. Perfectly hardy. Large, plumy heads of creamy white or pink; flowers in June or July. 3 to 4 feet. Either variety, 35c each; $3.50 per doz.

**Boltonia**

**ASTEROIDES.** Grows to 6 or 7 feet in height and produces an amazing number of small, daisy-like, white flowers in late fall. Fine for cutting in combination with Delphinium. 25c each; $2.00 per doz.

**LATTISQUAMA.** Slightly more upright in growth than Asteroides, with larger flowers of lavender-pink. Each, 25c; $2.00 per doz.
Dictamnus - Gas Plant
The Dictamnus is one of the most satisfactory hardy plants in cultivation, both on account of splendid flowers and its rich, durable foliage. 50c each.

Dicentra - Bleeding Heart
SPECTABILIS. An old-fashioned favorite. Its long racemes of graceful, heart-shaped, pink flowers are always attractive. Flowers in May. 18 to 30 inches. Heavy roots, 75c each.

Daisy
In the garden they are classed among the most known hardy plants. All varieties are fine for cut flowers.
ALASKA (Shasta Daisy). Large, pure white flowers, yellow center. 25c each; $2.50 per doz.
MEMORIAL DAISY (Leucanthemum). A very hardy and early flowering Daisy. Flowers not so large as Alaska or Shasta, but its extreme earliness (usually before Memorial Day), makes it a desirable variety. 25c each; $2.00 per doz.
PAINTED DAISY (Pyrethrum roseum hybridum). Very hardy and one of the choicest of the perennials. The fernlike foliage is attractive when the plants are not in bloom, and the flowers range from white, through shades of pink to deep cerise. Fine for cut flowers in May and June. 25c each; $2.50 per doz.

Delphinium - Perennial Larkspur
Indispensable to the herbaceous garden. Their long, showy spikes of flowers bloom from June until frost in the fall; and furnish the most satisfactory blues to any color scheme.
BELLADONNA. The most continuous blooming of the Delphiniums. Color is a clear turquoise-blue. Very beautiful and fine for cutting. 2-yr. clumps, 25c each; $2.50 per doz.
BELLAMOSUM. The dark blue form of the popular Belladonna. 2-yr. clumps, 25c each; $2.50 per doz.
CHINESE BLUE. A very pretty variety with fine, feathery foliage and intense gentian-blue flowers in open panicles. 1-yr. clumps, 20c each; $2.00 per doz.
CHINESE WHITE. A pure white form of the above. 1-yr. clumps, 20c each; $2.00 per doz.
GOLD MEDAL HYBRIDS. These are in all shades of blue and purple. Mixed colors only. 25c each; $2.50 per doz.
WREXHAM HYBRIDS. An extra fine strain of large flowering Delphiniums. Mixed colors only. 2-yr. clumps, 50c each; $5.00 per doz.

Gypsophila - Baby's Breath
Invaluable for cutting to fill in with bouquets. Also fine for filling in bare places in the border. The plant forms a dense, spreading bush, covered with tiny, white flowers. Roots, 25c each; $2.50 per doz.

Hemerocallis - Yellow Day Lily
Well known family resembling lilies in character and bloom, usually sweet scented, and bearing a great quantity of yellow flowers during long periods of summer. Very showy in the garden, 2 to 4 feet in height.
DR. REGEL. Handsome, rich orange-yellow. Flowers in June. 2½ feet. 25c each; $2.50 per doz.
FLAVA (Lemon Lily). Sweet scented; clear full yellow. Flowers in June. 2½ feet. 25c each; $2.50 per doz.
THUNBERGI. Somewhat like Flava, but flowers in July, a month later. 3 to 4 feet. 30c each; $2.50 per doz.

Heuchera - Coralbells
ALBA. Delicate creamy white flowers on a 12- to 18-inch stem. Flowers in June. 25c each; $2.50 per doz.
ROSEA. Light rose-colored flowers on stems 16 to 24 inches. Very delicate and attractive. 50c each.

Lily-of-the-Valley
A liberal top dressing of well-decayed manure will be well repaid in the size of bloom and length of stem of these sweetly scented flowers. Clumps, 35c each; $3.50 per doz.

Lycnhis - Campion
A fine old-fashioned flower bearing large heads of bright red flowers that are very striking. These combined with Achillea and blue Delphinium make an ideal patriotic bouquet on July 4th. Blooms early July. 2 to 4 feet. 25c each; $2.50 per doz.

Monarda or Bergamot - Oswego Tea
Showy plants growing from 2 to 3 feet high, with aromatic foliage and producing their bright flowers in July and August.
DIDYMA, CAMBRIDGE SCARLET. Brilliant crimson-scarlet. 25c each; $2.50 per doz.
DIDYMA ROSEA. Similar to above, but with rose-colored flowers. 3 feet. 25c each; $2.50 per doz.

Oriental Poppies
These Poppies are the regal representatives of the popular Papaver family.
ORIENTALE. Brilliant, showy scarlet; flowers in May and June. Very showy. Must be transplanted when dormant in August and September. 25c each; $2.50 per doz.

Platycodon - Balloon Flower
Closely related to the Campanulas. Attractive, open, bell-shaped flowers, and buds that look like small balloons. Blue or white. Each, 25c; 3 for 65c; $2.50 per doz.

Pentstemon
GRANDIFLORUS. Wisconsin's most handsome and decorative wild flower. Easily grown in almost any soil. The flower spikes grow 2 to 3 feet tall, of dainty lavender-blue, and are unlike anything else in the garden. Blooms in May and June. Fine for cut flowers. Plant in an open sunny place. Each, 25c; 3 for 65c; $2.50 per doz.

Ranunculus - Yellow Buttercup
Well known, double, yellow Buttercup. Effective either as a cut flower or grouped in hardy border, blooming in great abundance in May and June. 24 inches. 25c each; $2.00 per doz.

Spirea - Dropwort
FILIPENDULA. Numerous corymbs of white flowers, 15 to 24 inches high, in June and July. Pretty fernlike foliage. 25c each; $2.50 per doz.
Hardy Phlox

The Phlox is one of the foremost indispensable plants for the border. Not only in a group by itself is the Phlox effective, but intermingled with the other hardy perennials in the garden or border it lends beauty and color to the surrounding plants. There are so many places where a planting of brilliant colored Phlox would increase the beauty of the grounds that it is useless to mention them all. An experienced gardener will tell you that because of the dependability and long blooming period of the Phlox it is the very backbone of the perennial garden. It starts blooming in July and blooms profusely until late in September when the hard killing frosts stop it. The demand for Phlox increases every year, which proves that its popularity is spreading rapidly. Here at our nursery where the rows run right up to the highway, their brilliance seems to be an irresistible force that compels tourists to stop, admire them and place orders for them before they leave.

Phlox is less exacting than many of the perennials but does best in a rich, loamy soil in open sunlight. For best results plant about two feet apart and divide the clumps and transplant every two or three years. Colors vary from lily-white through all the pinks, reds, to dark purple.

We are especially proud of our Phlox offering this year due to the high quality of the roots and the wide selection of colors and varieties. Prices are extremely low considering the time it has taken to develop these plants. We suggest that you make selections early.

Not less than 3 of any variety will be sold at dozen rates.

Rock Gardens and Rock Garden Plants

This form of a flower garden is increasing in popularity by leaps and bounds, and we have had such an insistent demand for rock garden plants the past year or two that it is a pleasure to announce to our friends they can now secure their favorite plants from us in connection with orders for other stock.

It is not necessary to own a large estate to have a rockery or rock garden, as they can be built to fit the small home grounds as well, proper consideration being given to the location. The best site is on sloping ground where there is good drainage but with a little care can be built on the level or any place available. A sunny situation is best as most rock plants are sun loving. For complete details on how to plan and plant a rock garden send 15c for booklet on "What, When and How to Plant," which you may deduct from your order for plants amounting to $2.50 or more.

AQUILEGIA alpina. A dwarf, blue and white Columbine with attractive foliage. May. 10-12 inches. Each, 25c; 3 for 65c; $2.50 per doz.

ALYSSUM saxatile compactum (Goldentuft). A glow of golden yellow in the rockery even before the Dandelion is in bloom. April. 9 to 12 inches. Each, 25c; 3 for 65c; $2.50 per doz.

ARABIS alpina (Rock Cress). Heads of white flowers in April. One of the earliest to flower in the border or rockery. Plant in a well drained spot. Trim back after flowering to keep foliage neat and attractive. Each, 25c; 3 for 65c; $2.50 per doz.

ARMERIA laucheana (Sea Pink or Thrift). A low growing mat of dark green foliage with rose-colored flowers on 6-inch stems. Free bloomer. June to end of season. Plant in clusters for mass effect. Each, 30c; 3 for 65c; $3.00 per doz.

CAMPANULA carpatica (Harebell). A pretty species growing in compact tufts. Eight inches high. Flowers clear blue. Blooms June to October. As an edging for the hardy border or for the rockery it is unsurpassed. Each, 25c; 3 for 65c; $2.50 per doz.

CAMPANULA rotundifolia (Harebell). This is the American form of the Scotch Blue Bell. Blooms in July and August. 12 to 16 inches high. Thrives best growing from crevices in a rock wall or garden in poor soil. Each, 25c; 3 for 65c; $2.50 per doz.

DIANTHUS caesius (Cheddar Pink). Close growing tufts of grayish leaves that are ornamental in the rockery or front of border even when not in flower. Clove-scented single pink flowers. June. 6 to 8 inches high. Free bloomer. Each, 25c; 3 for 65c; $2.50 per doz.

DIANTHUS deltoides (Maiden Pink). Small rose flowers in profusion, with pretty green foliage. Fine for rockery or in front of border. June. 6 to 8 inches. Each, 25c; 3 for 65c; $2.50 per doz.

FESTUCA glauca. Tufts of blue-green foliage. A group of this pretty grass makes a delightful contrast in the rock garden. Each, 25c; 3 for 65c; $2.50 per doz.

GYPSOPHILA repens (Creeping Gypsophila). A very attractive creeping plant for the rockery, with a profusion of white flowers in July and August. Only a few inches high but will cover a space of 18 to 20 inches. Each, 25c; 3 for 65c; $2.50 per doz.

HEUCHERA rosea (Coral Bells). Light rose-colored flowers on stems 16 to 20 inches tall. Very delicate and attractive. Free flowering. Early summer. Each, 35c; 3 for $1.00; $3.50 per doz.

LINUM alpinum (Flax). For the rock garden in full sun. Prostrate branches of fine foliage and pale blue flowers all summer. Each, 25c; 3 for 65c; $2.50 per doz.
LILIUM tenuifolium (Coral Lily). Small bright scarlet flowers on slender stems, one to two feet high. June and July. Often used in rock gardens. Each, 25c; $2.50 per doz.

NEPETA Mussini (Catnip). Gray foliage and lavender-blue flowers. Low growing but rather long trailing branches, especially attractive in the rockery. Very effective if planted in groups near the pink Saponaria Ocymoides. Each, 25c; 3 for 65c; $2.50 per doz.

PHLOX subulata (Moss Pink). Low growing Phlox, flowering May. Valuable in the rock garden. White, rose and lavender. Any of the above Phlox, each, 25c; 3 for 65c; $2.50 per doz.

SAPONARIA Ocymoides (Rock Soapwort). A showy dwarf trailing plant for the rock garden or rock walls. Pink flowers. May and June. Each, 25c; 3 for 65c; $2.50 per doz.

SEDUM acre (Golden Moss). Low growing green fleshy leaves, covered with star-shaped yellow flowers useful in the rockery or for covering dry bare places. Each, 25c; 3 for 65c; $2.50 per doz.

album. Somewhat like Acre in style of growth, but the leaves have a bluish cast and the growth is heavier. Flowers are nearly white. Rampant grower. Each, 25c; 3 for 65c; $2.50 per doz.

Ewersii. Blue-gray foliage and dull rose-colored flowers in summer. 6 inches. For clefts in the rockery. Each, 25c; 3 for 65c; $2.50 per doz.

Forsterianum. A very attractive form with branches something like very dense spruce branchlets. Leaves have a bluish cast, flowers yellow. 35c each; 3 for $1.00.

reflexum. Light green fleshy leaves touched with bronze in the fall. Yellow flowers. Each, 25c; 3 for 65c; $2.50 per doz.

sarmentosum (String Sedum). Spreading light green foliage and greenish yellow flowers. Requires good drainage. Attractive growing over the face of a rock. Vigorous grower. Each, 25c; 3 for 65c; $2.50 per doz.

spectabile (Showy Stonecrop). Grows from 12 to 18 inches tall. Useful in the rockery and valuable in the perennial border. Pink flowers in September. Will do well in either sun or shade. Each, 25c; 3 for 65c; $2.50 per doz.

spectabile Brilliant. Similar to the preceding variety but flowers are dark rose or red color. Each, 25c; 3 for 65c; $2.50 per doz.

stoloniferum coccineum. Dark rose-colored flowers and foliage has a reddish tinge during summer. Each, 25c; 3 for 65c; $2.50 per doz.
Sempervivum

SEMPERVIVUM arachnoideum (Cobweb House-leek). Medium-sized green rosettes of leaves connected by fine silvery, weblike hairs, hence the name. Star-shaped rose-colored flowers with a distinct scent of cypress wood. Each, 25c; 3 for 75c; $2.50 per doz.

arenarium. Tiny rosettes of green leaves, in bunches. Spreads readily. Fine for the small rock garden. Each, 35c; 3 for 85c; $3.00 per doz.

Doellianum. Hairy rosettes of green leaves, tinted red at the tips. Red flowers, June and July. Each, 35c; 3 for 85c; $3.00 per doz.

Funcki. Brownish rosettes with green tips giving a little different color effect. Each, 35c; 3 for 85c; $3.00 per doz.

globiferum. Flattened rosettes 2 or 3 inches across with pale yellow flowers in June. Each, 35c; 3 for 85c; $3.00 per doz.

tectorum (Hen and Chickens). Broad rosettes of green with reddish tips, flowers pale red. Each, 25c; 3 for 65c; $2.50 per doz.

STATICE incana. Rather coarse small white flowers in large panicles. Effective in the rockery. Flowers can be dried for winter. Each, 25c; 3 for 65c; $2.50 per doz.

THYMUS serpyllum (Mother of Thyme). Creeping plant with fragrant leaves and pink flowers. For crevices in walls and steps and dry sunny places in the rock garden. Each, 25c; 3 for 65c; $2.50 per doz.

TUNICA saxifraga (Coat Flower). A pretty dwarf plant with pink flowers and fine foliage. Flowers most of the summer. Fine for the rockery. Each, 25c; 3 for 65c; $2.50 per doz.

Sedum Spectabile.
Pfeiffer’s Fine Hardy Lilies

Lilium Candidum
(Madonna Lily)
Lilium Candidum is the grand old-fashioned garden Lily; and one of the most beautiful clear waxy white flowers, with pleasing fragrance. Bulbs of this Lily should be planted in August or September. We can not supply them at any other season. Plant in loamy or sandy soil, or surround the bulb with sand, and an open sunny location is best. This Lily must be planted rather shallow, not over three inches of soil covering the bulbs.

Mammoth Size Bulbs. 50c each; $5.00 per doz., postpaid.

Lilium Regale or Myriophyllum
(The Regal Lily)
One of the most beautiful and hardest of Lilies in cultivation. The flowers are white, shading to yellow in the throat, with a pink tinge on the outer edge of petals. A strong grower on slender wiry stems two to four feet high, covered with long, lanceolate foliage. The flowers are of large size when fully expanded, six to eight inches across the trumpet-shape bloom. It is deliciously scented, reminding one of the Jasmine, but lacking the heavy oppressive odor of most lilies. Blooms outdoors in the northern states in July.
The Regal is an extra fine garden Lily and is also an excellent forcer in the greenhouse. Plant in the fall or early spring in well drained soil, five to six inches deep.

Large Blooming Size Bulbs. 35c each; 3 for $1.00, postpaid.

Lilium Tigrinum
(Tiger Lily)
The old-fashioned Tiger Lily of mother’s garden. Orange, spotted purple. Extremely hardy. Plant either fall or spring.

Large Bulbs. 25c each; $2.50 per doz., postpaid.

Lilium Umbellatum
(Candlestick Lily)
Orange-red flowers in upright umbels; somewhat similar to Lilium Elegans, but grows taller; two to three feet or more. Blooms in June. Perfectly hardy and can be planted either in the fall or early spring.

Large Bulbs. 25c each; $2.50 per doz., postpaid.
TULIPS
Charles A. Pfeiffer's Choice Imported Dutch Bulbs

We are one of the largest importers of Holland bulbs in this country. By ordering our stock direct twelve months in advance we are assured of having the finest bulbs obtainable.

We have been guaranteed delivery in Winona before the end of September, so we can give you very early and prompt delivery.

WHEN AND HOW TO PLANT

Tulips and other Dutch bulbs can be planted any time in the fall before the ground freezes, but October and November are the two best months. Plant Tulips in beds or borders four to five inches deep and about six inches apart. A light covering of straw or hay is advisable in the Northern States but do not put this on until after the ground is frozen solid.

Darwin Tulips

Darwin Tulips are beautifully outlined, cup-shaped and carried on tall, stiff stems. They are unexcelled either as bedding Tulips or for cut flowers. The colors vary from jet black, crimson, scarlet and purple to lilac, mauve, pink, yellow and all the intermediate blended and pastel shades.

The bulbs furnished on the following list are Super-qualities, top size bulbs that are sure to please you.

Breeder Tulips

(See Illustrations on Back Page)

Because of their immense size, their rare colorings and their complete dependability, Breeder Tulips are rapidly becoming more popular every year. They are the parent Tulip that the many colors of Darwins have been developed from. They bloom in May about the same time as the Darwins. The colors include many found in no other flower, such as browns, bronzes, purples, blue-blacks, deep mauves, dull gold and dark lilac, all exquisitely blended.

Lily-Flowered Tulips

This is an entirely new strain of Tulips that is just being developed. The flowers are borne on long straight, strong stems and as the name implies, they have the grace, shape and beauty of a Lily. They are a wonderful addition to the Tulip family and you should by all means include some of them in your planting this fall. They are classed with the late varieties, blooming at the same time as the Darwins or Cottage.

What To Know About Tulips

Tulips can be obtained and must be planted only in the fall. A covering of straw or hay is recommended after the ground is frozen solid in the North. To those who are confused about the different varieties, we want to say that they do not all bloom at once. Some are early, some late. The order they bloom in is as follows: Single Early, Double Early, Rembrandt, Darwin, Cottage, Lily Flowered, then Parrots and lastly the beautiful, stately Breeders.

By planting some of each type you can understand how easy it is to have Tulips blooming from early spring to early summer.
